COMPANY PROFILE

"Seeing the world from the **bicycle** seat is an incredible experience"
Daniele L.M.

SICILY CYCLING TOURS

OUR FOUNDER

Our story began when Daniele, a man with an adventurous spirit and an unstoppable passion for cycling, decided to embrace a radical change in his life.

After years spent in the luxury sector, he felt that his true calling awaited him elsewhere: on dusty roads and winding trails that traverse the land.

An expert connoisseur of his territory, Daniele has always loved exploring every hidden corner of his region, discovering unknown treasures and breathtaking scenic routes. His bicycle has become his faithful companion, but not just to explore the external world: it's also an inner journey, an opportunity for reflection, meditation, and connection with his own essence.

A lover of good food and the pleasures of life, Daniele never misses an opportunity to delight in the culinary delights of the different regions he traverses. From artisan cheeses to regional specialties, every meal is a sensory experience that enriches his journey.

For Daniele, the bicycle is not just a mode of transport: it's a way of life, an art of exploring the world with all the senses, and embracing limitless freedom.
